

# DEATH OF AN OLD CITIZEN

Captain James F. Netherland Passed Away a Few Days Ago.

Captain James F. Netherland, who died at his residence, No. 505 East Clay Street, on Tuesday, March 28, 1899, was born in Hanover county, Va., October 3, 1830, and was, therefore, in the seventy-fourth year of his age. At the age of sixteen years he entered the service of the Virginia Central Railroad Company, afterwards the Chesapeake and Ohio Railroad Company, and continued in that service for thirty-four years. During that time he held various offices, among which were general ticket agent and auditor of revenue. The latter office he held when he resigned on December 31, 1899, on account of ill health.

CAPT. J. F. NETHERLAND.

His resignation was reluctantly accepted, and will be seen by the following extract of a letter from General Williams C. Williams, C. Wickham, second vice-president and general manager: "We understood so thoroughly each other's mode of doing business, and I have such entire reliance upon your accuracy, that if we can possibly avoid it, I do not wish our business relation severed. Yours truly, William C. Williams, second vice-president."

During the war of 1861-'65 Captain Netherland was attached to the Nineteenth Regiment of Local Troops, commanded by Colonel Thomas J. Evans. He was first lieutenant and afterwards captain of Company I, of the above regiment. Company I was composed entirely of employees of the Chesapeake and Ohio Railroad Company, and was probably the largest company in the regiment.

He was buried in the family section in Hollywood April 1st.

## OBITUARY.

### Joseph Austin Wyatt.

Mr. Joseph Austin Wyatt died at 10:30 o'clock yesterday morning at the Memorial Hospital.

Mr. Wyatt was a son of the late West Wyatt and Virginia Austin Wyatt, and a brother of Mr. George N. Wyatt and Captain Clarence Wyatt, of this city. He left Richmond about ten years ago and had resided in Brooklyn ever since. He was visiting at the house of his brother about three weeks ago when he was taken sick and had to be taken to the Memorial Hospital. His wife is in Mexico at the bedside of her three grandchildren, who are ill.

The funeral will take place at 4 o'clock this afternoon from the residence of Mr. George N. Wyatt, No. 115 West Main Street. The interment will be made in Shockoe Hill Cemetery.

# NATION'S PROBLEM

Dr. Dabney, President of the University of Tennessee, Delivers Notable Address.

## BLACK AND WHITE FREED

War Put Aside the Castes of the South—Neglect at Home.

(By Associated Press.)

INDIANAPOLIS, Ind., April 2.—Dr. Charles W. Dabney, president of the University of Tennessee, and president-elect of the University of Cincinnati, in an address before the Southern Indiana Teachers' Association, in session here, under the subject, "Educational Needs of the South," outlined a caste system, which has been taken up by those interested in the move, of which he is regarded the head and leader. Much importance is attached to his utterances on this subject. It is expected great results to Southern educators will follow from the address, and that such he will be shown formerly against the Blair bill will not be used against the proposed methods.

## THE CASTE SYSTEM.

Dr. Dabney said that the present educational needs of the Southern people arise from circumstances in the past. In the old South, there was a caste system of four general classes. The aristocracy of the wealthy planter and slave owners, and the small farmers living chiefly in the hills; the poor whites of the low country and the African slaves. "The war not only freed the black man, it freed the white man," said he. "It made a way for the small farmers, liberated the poor white man from the bonds of a semi-feudal system and established both for the first time in full citizenship. It also freed the minds and spirits of the aristocratic classes, and by throwing them upon their own resources made them a stronger and better people than they were before."

## A NATIONAL PROBLEM.

Dr. Dabney is in favor of the nation taking hold of the problem, for it was one of national scope. He said in concluding a magnificent address: "Any plan of national aid should provide, not a largess for the South, but a consistent, rational plan for uplifting the retarded and depressed populations in all portions of the country. Two people in some counties in Maine, and in New York, are as illiterate as those in the counties in South Appalachians. This is truly a national problem, not one for the South alone."

"Methods can also be found to aid needy communities without paralyzing their powers, either of initiative or support. While we are helping the Porto Ricans and Philippines to establish their schools, we should aid our own neglected peoples whenever they need assistance."

## TOM COGAN WINS.

### The Feature at Bennings Was the Steeplechase.

(By Associated Press.) WASHINGTON, April 2.—The feature of the racing at Bennings to-day was the Fifth Spring Handicap, which was won handsomely by Tom Cogan. The rest of the card was fair only. Miss Alice Roosevelt viewed the races from the clubhouse. Sumner, Jr., was present.

First race—six and one-half furlongs. Columbia course, three-year-olds and up-wards. (5 to 1) first, Tom Cogan (5 to 1) second, Spring Brook (5 to 1) third, Alpaca (5 to 1) fourth, Time, 1:27.4.

Second race—four and one-half furlongs. Columbia course, two-year-olds. Pasadena (5 to 1) first, Mont Amour (7 to 5) second, R. L. Johnston (10 to 1) third, Time, 1:23.5.

Third race—six furlongs. Columbia course, three-year-olds and up-wards. Sals (5 to 1) first, Oak (5 to 1) second, General Steward (5 to 1) third, Time, 1:27.5.

Fourth race—one mile. Columbia course, three-year-olds and up-wards. Caqueta (5 to 1) first, Mammon (7 to 5) second, Cay (2 to 1) third, Time, 1:51.

Fifth race—three and one-half furlongs. Columbia course, three-year-olds and up-wards, selling. Arraguanian (5 to 5) first, Tom Kiley (5 to 1) second, Oelawa (7 to 1) third, Time, 1:20.4.

Sixth race—Fifth Spring Handicap. Steeplechase, about two and one-half miles. Coltrane (5 to 1) first, Democrite (5 to 1) second, Montip (5 to 1) third, Dalance (5 to 1) fourth, Time, 5:27.

## Bright Disease and Diabetes News.

Sacramento, Cal., March 27, 1906.

To relatives of those having Bright's Disease or Diabetes:

Knowing what I do, I consider that it would be almost criminal to conceal the knowledge I have as to the curability of Bright's Disease and Diabetes when there are so many homes constantly saddened by the presence of these hitherto fatal diseases.

I had Diabetes myself for many years—had exhausted the best of medical talent here without result—it steadily progressed till I heard that there was a cure for it in San Francisco. It looked unreasonable, but I sent for it. In a few weeks I was on the mend, and in six months was in my usual health and strength. I then put an engineer of our road on it. He was broken down with Diabetes and was retired. In a few months he was back to his old position on his engine. Later my son, aged thirteen years, was discovered by our physicians to be in an extreme condition as the result of Bright's Disease. They felt certain he could not live but a short while. I got the treatment for him, and he is now, to our delight, strong and vigorous again, and at school, and growing wonderfully. Many here are taking the treatment. I have told a great many in person, for I know it to be an almost certain cure for Bright's Disease and Diabetes in all stages.

Yours faithfully,

CHAS. A. NEWTON.

## Dr. Shoop's Restorative

Take it a month at my risk. If it succeeds the cost to you is \$5.60. If it fails the druggist will bill the cost to me. And I leave the decision to you.

## Don't Wait Until You Are Worse.

Taken in time, the suffering of this little one would have been prevented. Her mother writes me:

"Two years ago my little girl was sick continuously for six months. We tried many doctors, and they failed, yet it took only two bottles of your remedy to cure her, and she has remained cured. You can tell others of this cure if you so desire. Mrs. C. H. Avery, Rockdale, Vt."

"A pity she did not first write me, before the cure was dangerous. Of her own child, I had been sick for 20 years. For 3 years could do practically no work. It was written: 'When she first started taking Dr. Shoop's Restorative she weighed 150 pounds; now she weighs 135, and is able easily to do all her household work.'"

"Twenty-four years I have been 'troubled' ones. Of them, I have been for 3 years, and I have been for 21 years. Now I am well. It was written: 'I spent \$250.00 with you have done me more good than all the rest.'"

Both money and suffering might have been avoided. And there are only three from over 50,000 similar cases. The rest of the cases of these people are cured. I know how to cure them. I will tell you how to cure them. Please read it again. It means exactly what I say. No catch—no misdirection—phrases in it. Simply this—you take the medicine, and it will take the risk. And you—not I—decide if you are to pay."

## Why the Restorative Succeeds.

You may oil and rub, adjust and repair a weak engine. It will never be stronger than it was before, without steam. More power—more steam is necessary. And so with the vital organs. Doctor them as you will. That's mere repairing. Permanent cures never come save through treating the nerves that operate those organs.

And that my Restorative does. After almost a lifetime of labor—of study at bedside and research in hospitals—I made this discovery: I found a way to treat, not the organs themselves, but the nerves—the inside nerves—that operate those organs, and give them power and strength and health. This discovery has shown me the way to cure. It makes my offer possible.

My only problem is to convince you. And so I make my offer. And the bare fact that I make such an offer ought of itself to convince you. I know how to cure. Please read it again. It means exactly what I say. No catch—no misdirection—phrases in it. Simply this—you take the medicine, and it will take the risk. And you—not I—decide if you are to pay."
